Marlene H. Dortch Office of the Secretary Federal Communications Commission 445 – 12th Street, SW Washington, DC 20554

FCC Mail Room

Re: Federal Communications Commission (FCC) Annual Reporting Requirements (FCC WC Docket No. 10-90) and ETC Certification to FCC for 2014 Federal Universal Service Support

Dear Ms. Dortch:

Attached please find: 1) Blackfoot Telephone Cooperative, Inc. and Fremont Telcom Co.'s (collectively referred to as "Blackfoot") 2014 FCC Form 481s, submitted pursuant to 47 CFR §54.313 and §54.422; 2) Blackfoot's request to withhold from public disclosure, pursuant to 47 CFR § 0.459, its financial data and five-year build out plan submitted as part of its FCC Form 481 filing; and 3) Blackfoot's annual Eligible Telecommunications Carrier ("ETC") certification for its Powell, Idaho exchange which is a part of study area 482235.

Please contact me if you have any questions regarding this filing.

Sincerely,

Jason B. Williams

Vice President - General Counsel

5 year Build-out Plan – REDACTED – FOR PUBLIC INSPECTION

Unfulfilled Broadband Service Requests Resolution

June 2, 2014

Mike Suderman

Manager - OSP Engineer/Construction

Blackfoot Telecommunications Group

This document provides a high level description of the measures in place to resolve customer requests for broadband service that were unfulfilled in the prior calendar year.

Blackfoot Telephone Cooperative, Inc. (482235, 483308) and Fremont Telecom Co. dba Fremont Communications (472222) routinely replace digital loop carriers that are not capable of providing a minimum of 4 Mbps download and 1 Mbps upload to new loop carriers and provide Ethernet transport, where appropriate. Additionally, the companies deploy broadband accelerators in line that extend DSL or increase the speed to customers whose requests would otherwise be unfulfilled.

Service Quality Standards & Consumer Protection Rules Compliance

June 3, 2014

Michelle Norbeck

Carrier & Regulatory Specialist

Blackfoot Telecommunications Group

Blackfoot Telecommunications Group comprised of Blackfoot Telephone Cooperative, Inc. (SAC 482235 and 483308) and Fremont Telcom Co. (SAC 472222) has implemented a variety of service quality standards and consumer protection policies and procedures. This document provides a high level description of the measures in place to.

Service Quality

The companies comply with service quality standards by meeting all requirements in the Administrative Rules of Montana 38.5.3371 and Idaho Administrative Code I.D.A.P.A. 31.41.01.500, as well as, all applicable federal consumer protection rules.

Consumer Protection

The companies comply with consumer protection obligations by meeting requirements in Administrative Code I.D.A.P.A. 31.41.01, applicable consumer protection regulation in the state of Montana, as well as, all federal consumer protection rules. The companies general practice is to treat all information as if it were private, in addition CPNI and Red Flag policies and procedures are observed and trained on annually. CALEA obligations and processes are strictly adhered to. Noticing is undertaken annually in relation to do not call and call before you dig. Noticing of rate changes is provided to educate customers about changes appearing on their bills regardless of the jurisdiction or regulated nature of the service.

Functionality in Emergency Situations

June 3, 2014

Frank Creasia

VP Network Operations

Blackfoot Telecommunications Group

This document provides a high level description of the measures in place to provide functionality in Emergency situations in the 482235, 483308 and 472222 study areas.

Central Offices in all 3 study areas are equipped with backup generators in the event of commercial AC power failures. Fuel supplies for these generators are adequate for 24-36 hours of operation and back up batteries located in each central office provide an additional 6-8 hours of backup power.

All remote subscriber carrier locations are equipped with backup batteries that are capable of providing 8-12 hours of DC power in the event of a commercial AC power failure. We also maintain a pool of portable generators that are used to recharge these batteries if the AC power is not restored prior to the batteries being fully discharged.

Where practical, fiber optic cable routes that provide connectivity to a remote central office back to the host central office have diverse routes to insure uninterrupted operation in the event of a cable cut or failure. If diverse routes are not practical the remote central office is equipped with a "stand alone" function that insures uninterrupted operation within the remoter central office service area.

Tribal Engagement

June 2, 2014

Ryan Delaney

Sales Manager

Blackfoot Telecommunications Group

Blackfoot Telephone Cooperative, Inc. (SAC 482235) provides services on tribal lands and works regularly with the Confederated Salish and Kootenai Tribes to address their service needs. As one of our largest customers the Tribe purchases many advanced services from Blackfoot. To comply with the Tribal Engagement Obligation a letter was sent to our contact in October of 2012 to start the engagement process addressing all of the obligations established in the Transformation Order. Blackfoot attempted on four separate occasions to engage the tribe in meaningful conversations about a needs assessment, deployment planning, feasibility and sustainability planning, as well as, marketing in a culturally sensitive manner. On November 7, 2012 our contact indicated that he was seeking direction from the tribal leaders on whether they wished to participate in this process and would get back to us. We did not receive further response from them on the engagement process so we were not able to fully comply with the requirements in lines 921, 922, and 923. During 2013 we continued to engage the Tribe to include phone calls and a meeting in June. Blackfoot is in compliance with all tribal rights of way processes, land use permitting, facilities siting rules, environmental review processes, cultural preservation review and business licensing requirements

Voice Services Rate Comparability

June 3, 2014

Theodore P. Otis

CFO

Blackfoot Telecommunications Group

For the Program year 2015, the average urban rate for local service is \$20.46. Per USAC's 481 User guide two deviations above the \$20.46 is \$46.96. As indicated in line 700 worksheet none of the Blackfoot rates are two deviations above \$20.46.

2013 Audit Exit Memo

Communication with Those Charged with Corporate Governance Under US Auditing Standards (AU-C Sections 260 and 265)

Our responsibility under US Generally Accepted Auditing Standards

Our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Sensitive accounting estimates

- Rates and allocation bases on affiliate transactions and intercompany cost allocations
- Depreciation
- Part 64 adjustments
- Valuation of acquisitions

Difficulties in performing the audit

None

Corrected and uncorrected misstatements

Lists provided to management.

Disagreements with management

None

Management representations

We have requested certain representations from management that are included in the management representation letter dated as of the report date.

Management consultations with other independent accountants

None
